She starts having a conversation and you ask her to end the call. She says it is an emergency and she cannot hang up. Which of the following is the best way for you as a proctor to respond?". There are four radio button options: A. Take the phone from the examinee and hang it up. B. Tell her to talk quietly -- you'll give her 5 minutes to wrap it up. C. Tell her that she needs to take it outside and escort her there. D. Ask her if she can deal with the issue by texting instead. Below the options is a "Clear selection" link. At the bottom of the question area are two buttons: "Previous" and "Next". ### Please note:

- When you get to the end of your exam, you can press “finish” and then “confirm finish”. You don’t have to wait until the end of the 4h.
- **Your answers are saved as you submit each one**, not at the end of the test. This means you will not lose any work. You will not have to press “save” constantly!
- Avoid using the browser back button as this will not work. To go back to previous questions, use the “previous” button which is under your questions.
- How to avoid being logged out of the test:
  1. Stay connected to the Internet during your test.
  2. Do not click away from the test until you have submitted your answers and finished the test
- Troubleshooting:
  - If your test page freezes, you can always click “refresh” on your web browser and the test will again load on the same question/s you were on.
  - If your computer or web browser has a problem or they are closed, ***using the same web browser***, re-open your web browser, go to the start link for the test and you will be taken back to the last question you were on, where you will be able to resume your test. **You will not have lost any answers!**

Your exam results will be ready around 2 weeks after your exam. Psychometrics are run to ensure full exam and question validity and to set the pass rates (exam graded “on the curve”)!

**Any technical issues with your computer or with your connectivity are for you to resolve!**

For any Classmarker related issues during the exam, please contact our head proctor and psychometric expert, Dr. Jill Waalen, or the Executive Director of the IBLM & ABLM, Stephan Herzog!
